

Dr. Richard Wagner from Wagner Oral Surgery & Dental Implant Specialists
in association with Artistic Dental Laboratories and Nobel Biocare

invites you to a program on...

TREATMENT EFFICIENCY MODEL

Presented by Jerry Ulaszek, CDT, Artistic Dental Laboratories

LEARN HOW:

- The dental implant centers are providing "Teeth In A Day"
- How your office can get into the "Teeth In A Day" Game
- How to let your patients know you provide this procedure
- What takes place on the day of implant placement
- How to get started.
- The All-on-4 Treatment Concept
- Unsurpassed Revenue
- New case presentation process to help increase full arch case acceptance

THIS PROGRAM IS DESIGNED TO GUIDE YOU THROUGH THE ENTIRE TREATMENT PROCESS FOR FULL ARCH RESTORATION. AT THE END OF THE LECTURE, YOU SHOULD BE ABLE TO:

- Identify patients who are candidates for immediate full arch restoration therapy.
- Apply the guidelines for proper treatment planning.
- Understand the pre-operative steps necessary to plan for fabrication of an immediate full arch provisional restoration.
- Develop a strategy to increase productivity by reducing the number of patient appointments.
- Establish procedures for consistent, efficient, cost-effective use of your time.

Jerry Ulaszek, CDT is the owner of Artistic Dental Laboratories in downtown Chicago and Bolingbrook, Illinois. He is a highly sought after public speaker and instructor at Dental Society Meetings and Study Clubs throughout the country. He has been a teaching assistant at the L.D. Pankey Institute; a contributing author to Dr Gregory Tarantola's book Clinical Cases in Restorative and Reconstructive Dentistry; and was the first dental technician member of the American Equilibration Society.

Jerry is the past President of the National Association of Dental Laboratories; President of the Illinois Dental Laboratory Association; and a member of the Nobel Biocare Advisory Council on dental implants.
